

GATE DA: Machine Learning and Linear Algebra Sprint

GATE / GATE DA / Data Science and AI

Premium Snapshot

Exam: GATE

Subject: Data Science and AI

Topic: Machine Learning and Linear Algebra

Use this sheet after opening the official syllabus or NCERT/book folder. It is designed for revision, PYQ decoding, and fast practice.

How To Study

- Read the official syllabus or NCERT chapter first.
- Mark every bullet as Strong, Medium, or Weak.
- Solve PYQ or board-style questions after this sheet.
- Keep one error log and revise it before every mock.

Premium Content

- Linear algebra: vectors, matrices, rank, eigenvalues, projection, and SVD intuition.
- ML: loss, bias-variance, regularisation, classification, clustering, and evaluation metrics.
- Practice: one math derivation and one algorithm comparison per session.

7-Day Drill

- Day 1: Syllabus map and one-page notes.
- Day 2: Core examples and formulas.
- Day 3: PYQ or board-style mixed questions.
- Day 4: Weak-area repair.
- Day 5: Timed mini test.
- Day 6: Error-log revision.
- Day 7: Final flashcard sprint.

Quality Check

- Correct folder: this sheet is placed under the matching exam, class, shelf, and subject.
- Source discipline: official PDFs and NCERT books remain separate from Study Hub premium notes.
- Revision output: one table, one practice set, and one error log should come out of this sheet.
