

JPSC Prelims CSAT Paper II PYQ Map

JPSC | Prelims | CSAT Paper II

Reasoning, comprehension, numeracy, and qualifying-paper practice

- Practice comprehension, reasoning, basic numeracy, and data interpretation every week.
- Solve official CSAT or Paper II sets in timed mode and log mistakes after every attempt.
- Use this paper folder for qualifying-paper PDFs, shortcuts, and weak-area revision.
- Do not leave CSAT for the final week; steady practice keeps the cutoff risk low.
