UPPSC PCS | Mains | GS I-VI

Answer Writing

- GS answers should open with a definition/data point, then analysis, then UP-specific example where relevant.
- GS V and VI need governance, ethics, security, disaster management, and state administration examples.
- Use diagrams, maps, committees, schemes, and district examples to make answers evaluator-friendly.
- Practice previous Mains papers from 2024 and 2025 as the first benchmark set.
